- Handset dimensions: 164.5 x 28.3 x 46.2 mm (H x D x W)

Highlights

Handset speakerphone
Hands-free mode uses a built-in loud speaker to amplify the voice of the caller, allowing you to speak and listen during a call without holding the phone to your ear. This is especially useful if you want to share the call with others or simply multitask.

Low power consumption: < 0.6 W
Philips phones are energy efficient and are designed to be respectful to the environment. The power consumed in stand-by mode is now less than < 0.6 W.
